Impact San Antonio Receives \$25,000 Grant from Dela Wright White Charitable Lead Trust

The Dela Wright White Charitable Lead Trust awarded Impact San Antonio a \$25,000 unrestricted grant. This donation, in honor of Dela White, founder of Sunshine Cottage, is the largest, non-voting grant contribution that Impact SA has ever received. The grant will be combined with the membership contributions of the women of Impact SA and applied directly to the grants the organization will award to other nonprofits during Grant Award Night on October 19.

“Since Impact SA is based on women making a difference in their community, we are so honored to receive such a generous contribution in memory of Dela White, who was such an admired philanthropist in our community,” Impact SA President Beverley McClure said. “We will use this to accelerate our drive to award five \$100,000 grants and to incentivize the women of the greater San Antonio area to join us as members of Impact SA.”

Since 2004, Impact San Antonio has awarded nonprofit agencies more than \$1.7 million thanks to the collective strength of women committed to impacting and enriching lives throughout the city and surrounding areas.

Members, either individually or in groups up to four people, contribute \$1,000 annually with 100 percent of donations pooled to create as many \$100,000 grants as the membership supports. These grants are awarded to nonprofits in one of five focus areas: Arts & Culture, Education, Environment/Recreation/Preservation, Family, and Health & Wellness.

Now until May 31, Impact San Antonio encourages women from all walks of life to join the organization during its “Drive for Five” membership campaign. A final membership recruitment event will be held May 19 at The Veranda. Those interested can learn more at www.impactsanantonio.org or call (210) 617-3280 or email impactinfo@impactsanantonio.org.
