

June Update

We are 500+ Strong!

Thank you to our 2021 Members, Sponsors and Friends! Once again, the women of Impact San Antonio have joined together to plant seeds of hope in our community by combining their annual \$1,000 memberships into a grant pool of over a half million dollars -- **\$534,000 to be exact!**

Because of YOU, we are able to award FIVE \$100,000 High Impact Grants this year – one in each of our focus areas. And, we also have funds for Support Grants! Our nonprofit community will be able to invest in innovative and life-changing programs to help the greater San Antonio area emerge from the pandemic with strength and hope.

Several member engagement opportunities are in the works, including our annual Celebration event and New Member Orientation. We look forward to reconnecting with friends and building relationships with our new members.

Our community is stronger when we give together!

Agency update: Woodlawn Theatre

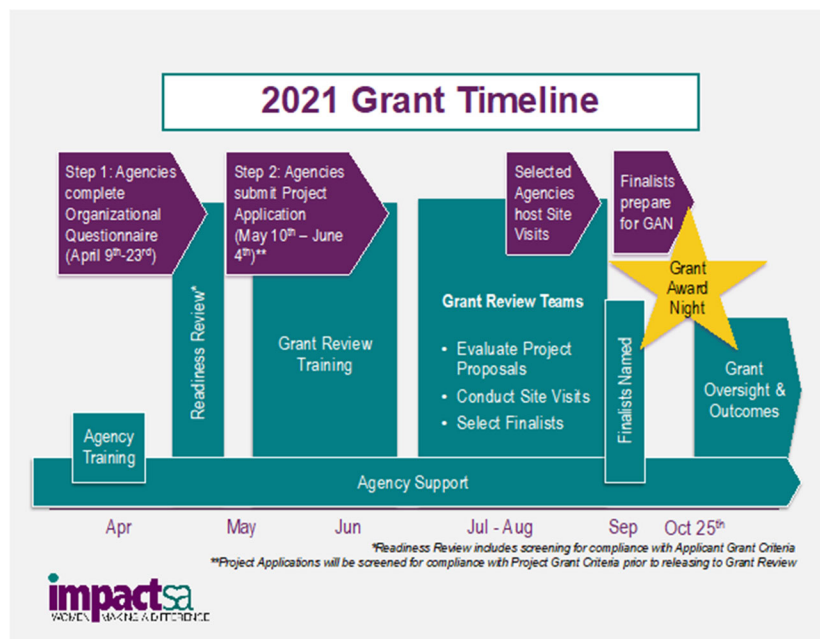

Like other performance venues, the Woodlawn Theatre, a 2020 High Impact Grant recipient, had to change its operations during the pandemic. While the theater may have stopped holding live performances onstage in March 2020, it didn't stop providing entertainment. Staff members just got creative in how they did it.

"We were actually set to start dress rehearsals for (the musical) 'On Your Feet' when the whole production was put on pause on March 12," said theater Executive Director Chris Rodriguez. "We came up with special performances for our patrons. Our artists were at home, and we had virtual cast reunions. They talked about past shows and what they love about the theater."

How we choose our grant recipients

Thanks to the generous support of our new and renewing members, we have achieved our goal of 500 memberships and will be able to award High Impact Grants in each of five Focus Areas: Arts & Culture; Education; Environment, Recreation and Preservation; Family and Health & Wellness.

During Grant Award Night on October 25, we will announce this year's grant recipients. This annual event is the exciting culmination of much hard work done by many Impact SA member volunteers.
