Our Kickoff Celebration event has been cancelled due to safety concerns. While we're disappointed about not gathering, Sandy Marquez, Vice President of Membership, reminded us that our priorities are the same as always.

"We are women who care about the well-being of one another and our community. This year our goal, like always, is to raise over \$500,000 and fund at least five \$100,000 High Impact grants. Let's do it!"

Membership recruitment for the 2022 grant year kicked off just after 2021's successful Grant Award Night when, despite the challenges of the pandemic, the women of Impact San Antonio once again awarded a High Impact Grant in each of our five focus areas. Our members certainly prove, year after year, that they are committed to "Cultivating a Vibrant Community...Together!"

Our goal is a worthy one, and you can help us get there. To make it easier, we have the option of a payment plan so you can spread your membership contribution over four months.

A message from our President: Angelle St.Germain

I am honored to be serving as president of Impact San Antonio for 2022-23.

By way of introduction, I grew up in a small town in southeast Louisiana, where my family's roots go back more than four generations. After earning a bachelor's degree from LSU, I worked in audit at Ernst & Young, LLP in Houston. In 2005, I moved to San Antonio for a career opportunity at Valero Energy Corporation, where I currently work as Executive Director of Sarbanes-Oxley Compliance.
